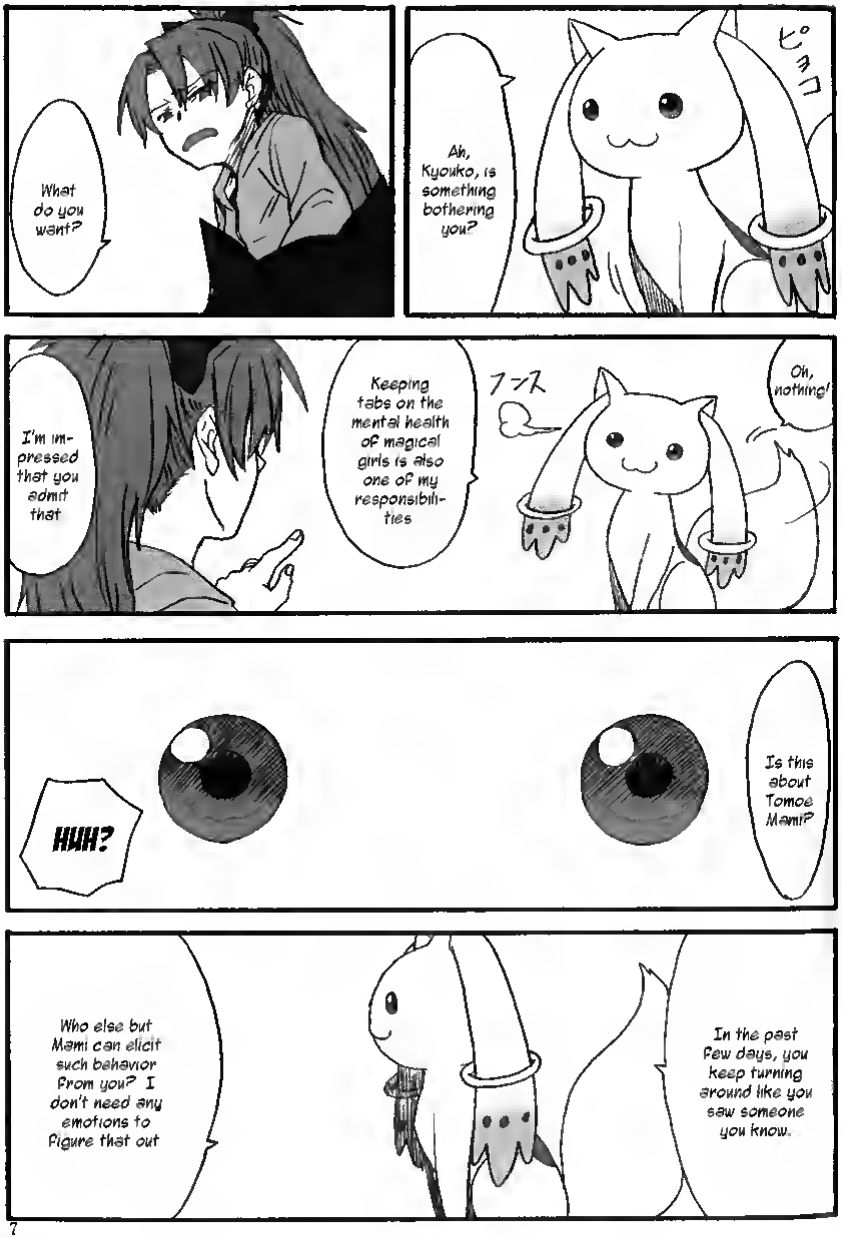
Glare

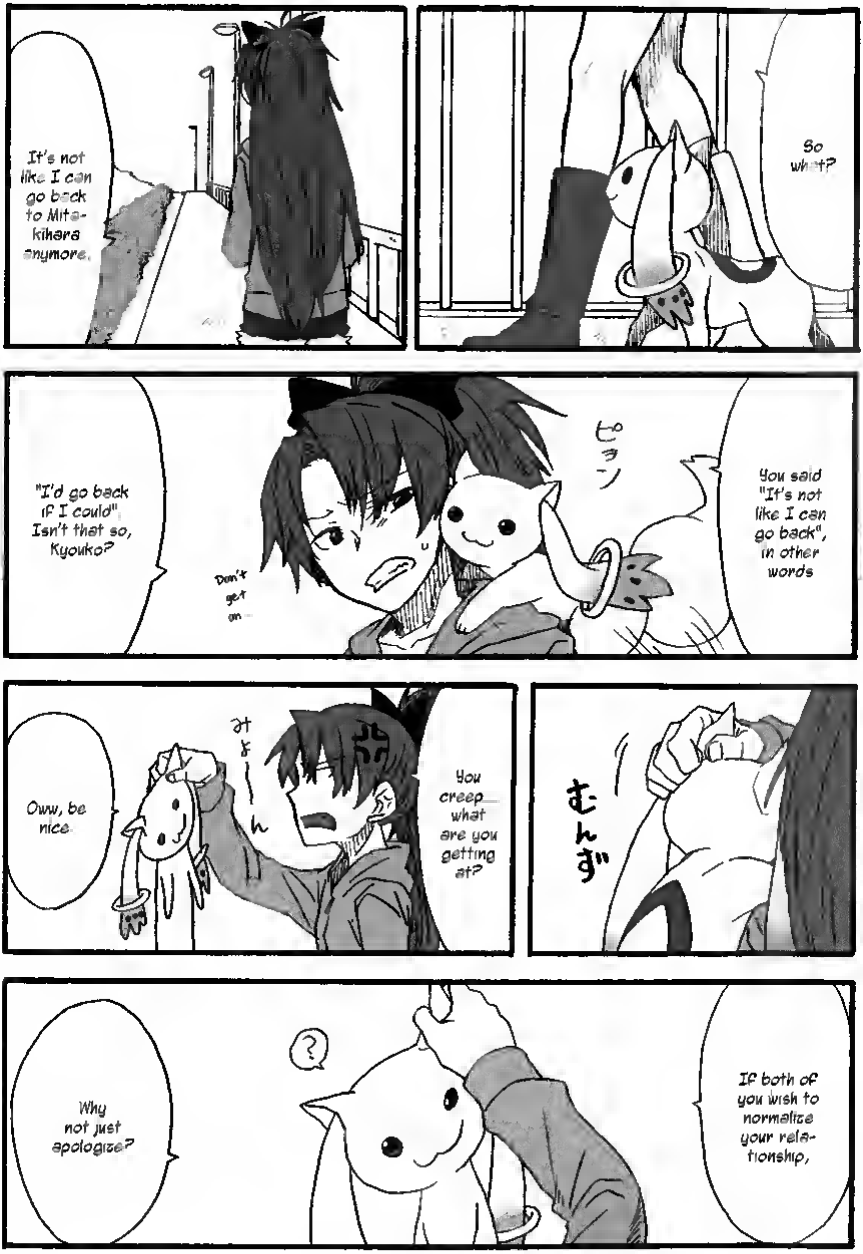
This story is set after the events
of the Farewell Story audio CD.
If you haven't listen to it yet. Kyouko
and Mami separate over differences on
how to hunt Witches.
Knowing that is enough.

『 glare 』

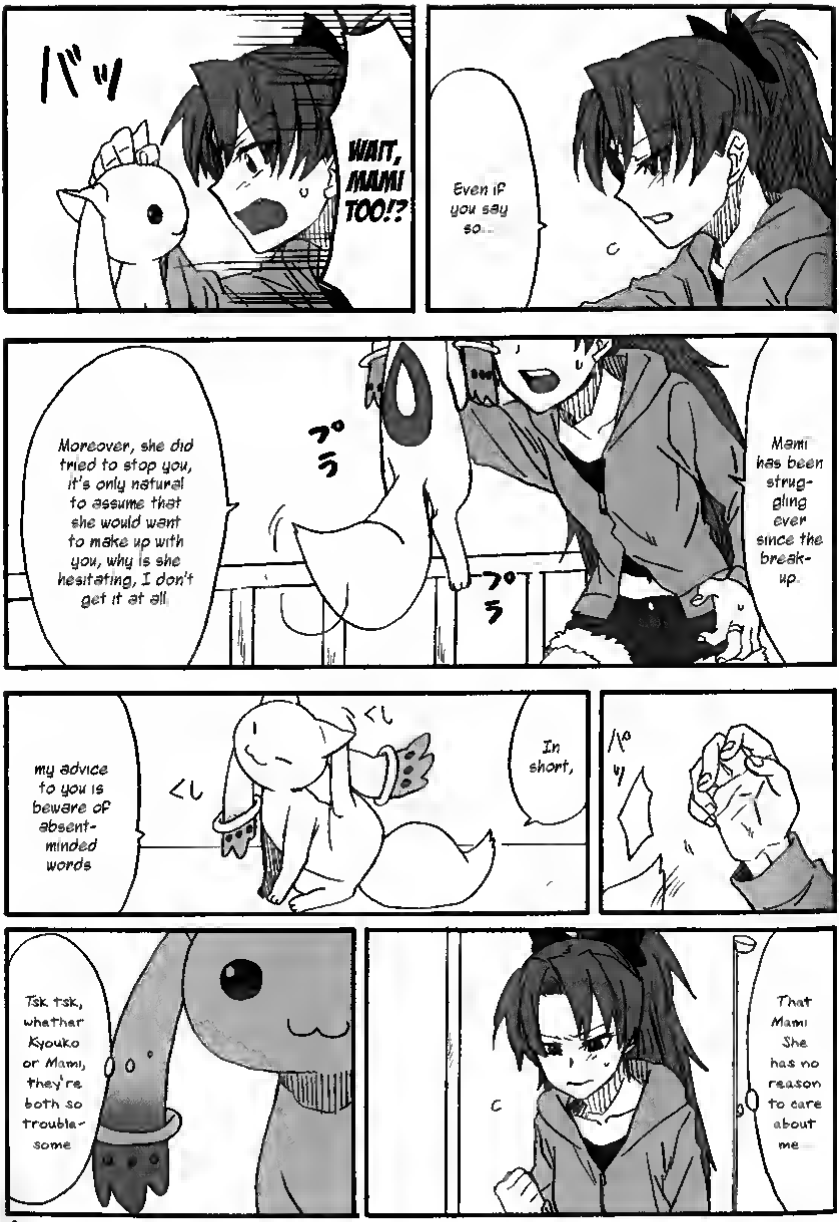
She doesn't even look like her



What do you want?
Ah, Kyouko, is something bothering you?
ピョコ
I'm impressed that you admit that
Keeping tabs on the mental health of magical girls is also one of my responsibilities
フース
Oh, nothing!
HUH?
Is this about Tomoe Mami?
Who else but Mami can elicit such behavior from you? I don't need any emotions to figure that out
In the past few days, you keep turning around like you saw someone you know.



It's not like I can go back to Mitakihara anymore.
So what?
"I'd go back if I could". Isn't that so, Kyouko?
Don't get on...
ピョン
You said "It's not like I can go back", in other words
Ouww, be nice.
みょーん
You creep... what are you getting at?
むんず
Why not just apologize?
?
If both of you wish to normalize your relationship,



バッ
WAIT, MAMI TOO!?
Even if you say so...
Mami has been struggling ever since the breakup.
Moreover, she did tried to stop you, it's only natural to assume that she would want to make up with you, why is she hesitating, I don't get it at all.
プラ
プラ
In short,
my advice to you is beware of absent-minded words
くし
くし
Tsk tsk, whether Kyouko or Mami, they're both so troublesome

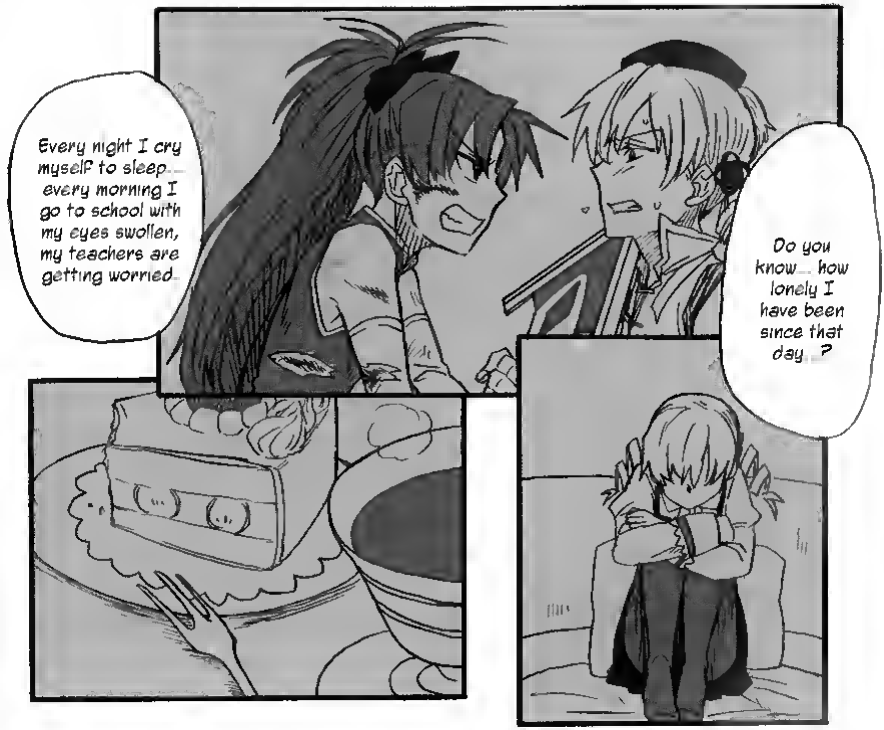
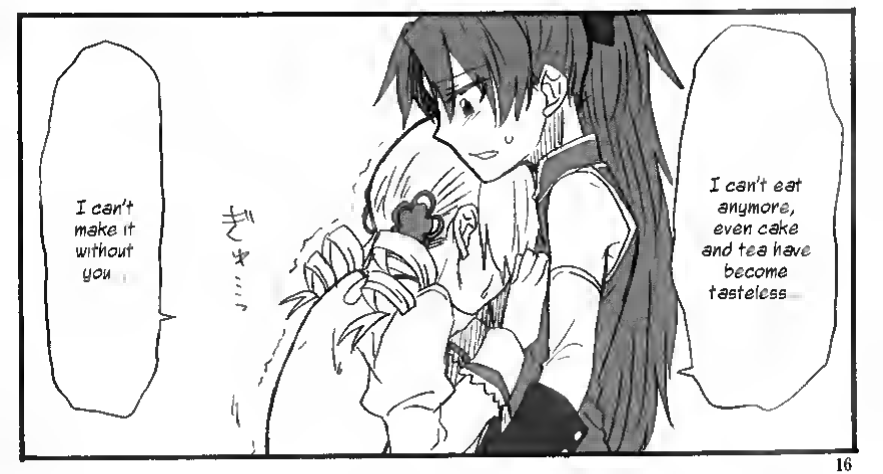
...What-!
...Isn't it nostalgic, Mami-san?

No... that's not what clouds my Soul Gem
Didn't I tell you! You'll never hunt down every Witch and Familiar!
A curse.
This darkness... is from within.
Uh?
anymore
I can't erase this darkness
Maybe...
your curse?

Will anyone know when I die?
Will I be alone forever?
The more I think about it, the darker my Soul Gem becomes
S-some day, you'll find someone else to team up with you!
Maybe not today, but someday!
Yes



Every night I cry myself to sleep... every morning I go to school with my eyes swollen, my teachers are getting worried...
Do you know... how lonely I have been since that day...?



I can't make it without you...
ぎゅっ
I can't eat anymore, even cake and tea have become tasteless...

...I'm sorry...
...I said some hateful things back then, I left you alone by yourself
I assumed you'd remain tough as always
ぎゅうっ
I have no right to say this, but please don't forget who you are, Mami-san
What you did isn't worthless

It's fine
The darkness. It's dissipating!

ズイッ
You are overdoing it! What will Mitakihara do when its hero of justice falls? Try to rest once a while! Even God will forgive you!

!
really?
Umm, will you come home with me?
I have some cheese cake.
おず…
How about we have a new start?
Isn't this nostalgic?
sure

Looks like pushing Kyouko was a mistake...
I didn't expect them to actually make up...

Yes, if you hold them all wrong, even rice will taste bland
Does it matter?

Wait
Uh, ok
Here, let me show you
How do I concentrate when Mami's boobs are pressing against me!
Yeah!?
Sakura-san? Are you even listening?
Good, that's better

はしっ
